Council on Postsecondary Education

On March 2, 2016, pursuant to the Dual Enrollment Regulations, the Board reviewed and approved a list of concurrent course options for public high schools and scheduled the review of course costs to occur during the May Board meeting.

The attached per credit costs are provided by each public postsecondary institution as part of the memorandum of agreement specified in section 4.0 of the Regulations. While Board approval is required regardless of state funding, for FY17, these costs will be utilized in determining reimbursement of the institutions for the Governor's Prepare RI Dual Enrollment funding as proposed in the FY17 state budget.
