TO: Members of the R.I. Board of Education

FROM: Deborah A. Gist, Commissioner 

SUBJECT: Approval of Necessity of School Construction: South Kingstown Public Schools

The Board of Education has as one of its responsibilities reviewing and certifying the need for school construction projects to be reimbursed through the school housing aid program. Most large projects are supported by bonds and are comprehensive projects with major renovation and/or new construction components. The school construction regulations instituted a rolling application process that allows districts to submit their applications when they are complete. Because of this, the Board will be asked to review and approve projects on an ongoing basis throughout the year. The FY 2012 State budget imposed a three year moratorium on Board of Education approvals, except for projects necessitated by immediate health and safety reasons.

At this meeting, the Board is being asked to approve several health and safety projects. A chart summarizing South Kingstown Public Schools' projects is provided in Attachment 1 and a more detailed description of the projects is found in Attachment 2.

RECOMMENDATION: THAT, the Board of Education approves South Kingstown Public Schools' necessity of school construction projects totaling \$6,533,000 pursuant to 16-7-41.1 as follows (please note that when the applicable reimbursement share ratios are applied to the estimated total project costs noted below, the state share is expected to be \$2,286,550):

 - ii. Wakefield Elementary School \$ 379,200
